

THE SKIP CAMPBELL SCARLET LETTER

THE SKIP CAMPBELL SCARLET LETTER

Skip Campbell authored the law that forced women, including the victims of rape, to place an ad in Florida newspapers listing their names and the names of all their sexual partners as a requirement to put their child up for adoption.

(SB-138)

"The Skip Campbell Scarlet Letter Law."
It's anti-women, anti-child, and anti-family.

**Skip Campbell: No Respect for Florida Women.
No Way He Should be Our Attorney General.**
